Objective & Their Accomplishment

Policy # 1410-1, 4.1 (i)

POLICY

1995 1410.1

By-Laws

SUBJECT: OBJECTIVES AND THEIR ACCOMPLISHMENT

Board oversight of the activities of the District shall include annual adoption of objectives and annual review of progress or accomplishment of previously adopted objectives.

Such objectives shall:

- a. Specify desired completion or evaluation dates.
- b. Be stated in such a manner as to make it possible to know whether or not each objective has been reached on the target date, or the degree to which it has been achieved.
- c. Where appropriate, clearly specify the method to be used in evaluating accomplishment.

The District Superintendent shall present to the Board the following reports at approximately the dates shown:

- a. October 1 - Report of previous year's results in terms of the objectives previously adopted.
- b. November 1 - Proposed objectives for the ensuing year and for up to five years into the future.

In approving objectives, the Board shall in its discretion indicate priorities among them.

In addition to these annual reviews, the Board may from time to time add, delete, or revise objectives. The District Superintendent shall report to the Board whenever it appears that such revisions may be appropriate, and whenever progress toward an objective is seriously off schedule.
